Profile

A conscientious and professional individual with extensive experience in customer service, public interactions, team management and ability to work under pressure, currently seeking an industrial year placement in the computer science sector to further progress my career.

Achievements and Skills

I am a confident and proficient programmer in Java, Python and C. I have always been interested in Computer Science, I am a BCS member, further developing my understanding outside of education including creating my own websites using HTML/CSS and building multiple computers for myself and others in my spare time. I also have management experience in the retail environment, including running shifts, payroll administration, recruitment and organising shift patterns for my team.

Education

Computer Science (with integrated year in industry) BSc Aberystwyth University, Penglais, Aberystwyth, Ceredigion, SY23 3FL

22nd September 2021 - Present

Second year modules: Algorithm Design and Data Structures, System and Network Services Administration, Modelling Persistent Data, Software Engineering, Robotics and Embedded Systems, and Artificial Intelligence.

First year modules: Programming Using an Object-Oriented Language (67%), Fundamentals of Web Development (68%), Introduction to Computer Infrastructure (61%), Professional and Personal Development (70%).

St John's Academy *[address redacted]*

1st September 2013 – 15th June 2020

A Level Computer Science Grade B

A Level Mathematics Grade C

A Level Physics Grade D

Eight GCSEs at Grade 4 and above, including Maths (7), Computer Science (8) and English Language (5).

During my time at school, I was College Captain in Year 11 and school librarian in Years 8 & 9. I also achieved the Duke of Edinburgh Bronze award.

Work Experience

Shift Manager – Full & Part Time

One Stop *[address redacted]*

22nd March 2020 – 7th September 2022

After almost a year with One Stop, I was promoted to Shift Manager. In this position I was responsible for running shifts, managing the team and assigning tasks in a time efficient and customer-oriented manner. In this role I gained valuable experience with making shift rotas, recruitment, and interviewing. I was also a registered key holder and payroll administrator. I was a 'safe hands' Store Manager with total responsibility for one month to cover absence.

Customer Service Assistant – Part Time

One Stop *[address redacted]*

27th April 2019 – 22nd March 2020

In this role I gained valuable experience in customer service, being passionate and knowledgeable about products and services and working as part of a team to complete store duties.

Yard Assistant – Part Time

Pewsey Vale Riding Centre *[address redacted]*

1st July 2018 – 15th May 2019

In this role I got my first taste of providing quality and trustworthy services to a market of customers. As a member of the team, I was responsible for every aspect of caring for over 100 horses on a busy riding school yard, handling customer bookings and payment for services.

IT Assistant – Full Time Work Experience

Twentieth Century Fox *[address redacted]*

3rd July 2017 – 7th July 2017

During this work experience I spent time working in web application development, which included brainstorming ideas for new applications and testing application prototypes. I also worked in the company technical support department, resolving technical issues experienced by colleagues in all areas of the business.

Interests and Hobbies

I have been a horse rider since the age of 3; I have a 16'2hh Thoroughbred ex-racer named Socks who I've owned for two years. We like to do a bit of everything: dressage, show jumping and cross country. During my time in the Pony Club, I completed all levels of the Platinum Camp and I achieved the C+ proficiency test. I am a British Horse Society Gold member.
